## PROFILE

I'm a motivated and friendly person who enjoys working with people and creating a positive atmosphere. I'm reliable, punctual, and quick to learn new things. I work well in fast-paced environments, can handle multiple tasks while paying close attention to detail, and easily understand both written and verbal instructions. I love helping others – whether it's through great customer service or teamwork. I'm also enrolled to begin college next fall, and I'm excited to gain work experience
