CREATIVE PROJECTS

Write-A-Lot-Glot — *AUGUST 2022 - PRESENT*

A personal blog where I track my journey to becoming multilingual with proficiency in French, Japanese, and many other foreign languages. On the blog, I record how I study in the form of weekly, monthly, and quarterly progress updates as I advance. As well, I review the learning methods I use, explain the struggles and milestones I experience in-depth, plus set structured short-term and long-term goals I wish to achieve in language learning. To conclude each blog post, I add a motivational quote or song to inspire positivity.
