**Applying For Server:**

A conscientious and accountable Canadian Citizen who recently graduated from high school in Edmonton Alberta, aspired to work in this business as a server. In order to obtain experience and learn new skills for my future job. I want to be a reliable and valuable team member that is willing to learn more and pursue a career in the service industry.

**Capability And Knowledge:**

Communication skills are beyond incredible. Any tasks that are being assigned to do are very explicit. Self-motivated to accomplish goals, with a strong sense of responsibility for becoming a server. Ability to anticipate customers' needs, change goals and direction quickly while also multitasking. Comfort and experience to interact effectively with staff members and other people's needs.

**Expertise/Professional**

I recently spent two years working at Hmart, an Asian grocery store. Since I was in high school grades 10-12, I worked part time/full time in the produce section as well as in customer service. I stopped since I was focused on my studies throughout my diploma at high school in Edmonton and now wanted to be a server.
